

EMERGENCY RESOLUTION NO. 31-2021

A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO AN AGREEMENT BY AND BETWEEN THE CITY OF MONROE AND JONES-WARNER CONSULTANTS, INC. FOR PROFESSIONAL ENGINEERING SERVICES RELATED TO THE MONROE CROSSINGS CATCH BASING REPLACEMENT PROJECT AND DECLARING AN EMERGENCY.

WHEREAS, the catch basins on Monroe Crossings Boulevard are failing and in need of complete replacement; and

WHEREAS, the design work for this project is necessary in order to seek bids at the earliest possible date to avoid further deterioration of the storm sewer system causing damage to the road base.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MONROE, STATE OF OHIO, THAT:

SECTION 1: The City Manager is hereby authorized to enter into an agreement by and between the City of Monroe and Jones-Warner Consultants, Inc. for professional engineering services related to the Monroe Crossings Catch Basin Replacement Project pursuant to the terms and conditions set forth on Exhibit "A" attached hereto and made a part hereof.

SECTION 2: This measure is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety and welfare and further for the reason that Council desires to proceed with this project at the earliest possible date to avoid further deterioration of the infrastructure. Therefore, this measure shall take effect and be in full force from and after its passage.

PASSED: June 8, 2021

ATTEST:

APPROVED:

Clerk of Council

Mayor

This legislation was enacted in an open meeting pursuant to the terms and provisions of the Sunshine Law, Section 121.22 of the Ohio Revised Code.

I, the undersigned Clerk of Council of the city of Monroe, Ohio, hereby certify the foregoing (ordinance or resolution) was published as required by Section 7.16 of the Charter of the City of Monroe.

Re: **Monroe Crossings - Catch Basin Replacement Project**

Dear Mr. Morton

Jones Warner Consultants, Inc. (JWCI), a local, ODOT pre-qualified consultant, is happy to provide you with this fee proposal for requested improvements located in the Brittany Heights subdivision in the City of Monroe. We have visited the project site with you and have discussed the scope of services to be provided.

Scope of Services-

We understand the scope to include the necessary survey and re-design of the forty-two (42) catch basin structures located on Monroe Crossings Drive between State Route 63 and Hankins Road. A detailed survey of each structure will be included. We will provide an individual exhibit for each structure showing existing conditions such as general dimensions, grate, and invert measurements as well as any other details needed to allow a contractor to order modified structure. Included in each detail will be curb replacement on each side of the structure and pavement restoration as needed. No brick risers of any type will be allowed. This project will follow similar guidelines of the Brittany Heights, Phase 1 and Phase 2 catch basin requirements. Upon development of the forty-two (42) individualized exhibits, any necessary specifications will be developed as well as a bid book document for bidding.

Deliverables-

Deliverables will include one full set of bid documents (paper copy in a binder and electronic pdf format including the appropriate forms for bidding, (bonding documents, misc. affidavits instructions to bidders, individual details, and any necessary specifications.

Fee-

Our lump sum fee for the above outlined services is \$52,500.00. This is \$1,250.00 per structure. The fees provided are JWCI design fees only. They do not include any fees that may be required by permitting agencies (if required) or any geotechnical investigations authorized by the City of Monroe. We do not see the need for any geotechnical investigation.

Per our research and previous bid by W.G. Stang for the Brittany Heights, Phase 1, we estimate the total cost of construction is \$420,000.00 or \$10,000.00 per catch basin.

JWCI is prepared to begin immediately upon your acceptance of this proposal. We anticipate a turnaround schedule for final deliverables at approximately 90-120 days from your notice to proceed.

We appreciate this opportunity and look forward to working with you on this project. Should you have any questions, please feel free to call.

Sincerely,

T. Shawn Campbell, President
Jones Warner Consultants, Inc.
